DEXSAFE

# STORAGE OF ASSETS

Risks associated with these three storage options for crypto assets

01 **Crypto Exchange**

- Issues with withdrawals
- Difficulties with KYC
- Account freezing

02 **Cold Wallets**

- Usability inconveniences
- Loss of a physical device
- Not all blockchains supported

03 **Dex Wallets**

- Lack of full decentralization
- Limited access to blockchains
- Lack of interesting partnership programs

It's not all as safe as it seems at first.

**It's time to change the world and provide a solution to the crypto industry.**

DEXSAFE

THE FIRST IN THE WORLD

# CRYPTOSAFE DEXSAFE

Everything that has not been possible before is now possible!

NOTHING IS IMPOSSIBLE!

- Total decentralization
- 15+ Blockchains in one place
- Trading and Swap right in the app
- Crypto cards in your safe
- Next level staking USDT, DEXNET
- Affiliate program via smart contract

And now let's figure it all out.

DEXSAFE

HOW IS

# DECENTRALIZATION ACHIEVED?

Through DEXNET technology and thanks to the physical devices DexNode, a decentralized network is created.

That`s why we are the world's first decentralized crypto safe.
**And this is just the beginning!**

## The capabilities of the DexNet network include:

- Absence of any physical server for servicing DexSAFE
- Lack of any control over the DexNet network, not even by the developers
- Totally decentralized storage of the Private key
- Access to the network from any point in the world

DEXSAFE

# UNIQUE FEATURES DEXSAFE

DEXSAFE

# THE POSSIBILITIES
## OF THE AFFILIATE PROGRAM

The affiliate program is paid out in DEXNET and USDT tokens. Payments for cards and commissions are taken into account in the affiliate program.

DexPool DEXNET and USDT

1% of DexSAFE's total revenue is accumulated in DexPool — Which is distributed randomly to 10 wallets once every 24 hours, through a smart contract.

**The BRONZE status** opens the 1st level with a promo code, without any conditions and gives a 10% bonus.

**The SILVER status** additionally opens the 2nd and 3rd levels.
To achieve SILVER status, you need to sell 3 cards at once in the first line.

**The GOLD status** expands the affiliate program from the 4th to the 10th level.
To achieve GOLD status, you need to sell 10 cards at once or pay for 5000 DEXNET tokens per year.

**The PLATINUM status** expands the affiliate program from the 11th to the 15th level.
To achieve PLATINUM status, you need to sell 20 cards at once or pay for 10,000 DEXNET tokens per year.

**The DIAMOND status** expands the affiliate program from the 16th to the 21st level.
To achieve DIAMOND status, you need to sell 30 cards at once or pay for 15,000 DEXNET tokens per year.

Do you think we'll stop there?
**And it gets even more interesting.**
